ORDER

In the letters 4th and 6th read above, the Chief Engineer & DWRO, Prakasam District, Ongole based on the report submitted by the Superintending Engineer, Irrigation Circle, Ongole, has recommended the proposal to the Government for according permission to M/s Vindhya Telelinks Limited, Secunderabad, Telangana to lay Optical Fiber Cable along the Rallapadu Project Reservoir Bund from chainage 0/000M to 2/300M for a total length of 2.300 KM through duct by adopting methodologies like Horizontal Directional Drilling (HDD), Open Trench (OT) and by other suitable means under Self- Restoration Scheme to construct a Fiber Optic backbone link.

2. After careful examination of the matter, Government hereby accord permission to M/s Vindhya Telelinks Limited, Secunderabad, Telangana to lay Optical Fiber Cable along the Rallapadu Project Reservoir Bund from chainage 0/000M to 2/300M for a total length of 2.300 KM through duct by adopting methodologies like Horizontal Directional Drilling (HDD), Open Trench (OT) and by other suitable means under Self- Restoration Scheme to construct a Fiber Optic backbone link., subject to the following terms and conditions:

1) The Performance Bank Guarantee (BG) for an amount of Rs. 3,26,000/- which is meant for restoration charges, as per G.O. Ms. No. 60, Dt. 7-11-2017 and updated to 2021-22 [at the rate of Rs. 133.23/- per RM (exclusive of VAT and Labour Cess) for a total length of 2.450 KM] shall be collected from M/s Vindhya Telelinks prior to commencement of work and kept with the Departments concerned for the prescribed period of one year until and unless the Service Provider (i.e. M/s Vindhya Telelinks Ltd.) restores the road cut portions themselves to the original profile.
2) Trenches excavated for Optical Fiber Cable have to be refilled and consolidated with Roller up to the satisfaction of the Departmental Engineers.

(P.T.O)

3) Optical Fiber Cable proposed to lay on Kerb of road bridges has to be encased with cement concrete and no open cable to be laid along structures.

4) For laid concrete on Kerbs, has to be painted properly with Kerb markings.

5) While laying the cable, no loss/damage shall be created to the Dam components and the work done in the vicinity of dam site shall be carried out under the directions of Engineer-in-charge of the W.R. Department.

6) Restoration works are to be done by the agency before completion of work.

7) This is only one time permission to lay cable line, however in future for maintenance work / any additional improvement works, the agency shall take prior permission again from the project authorities.

8) While laying the cable in spillway premises, only non –destructive methods to the existing structures shall be adopted.

9) There should not be any hindrance to the free passage of vehicular traffic during the execution of work.

10) Necessary safety measures i.e. signal and caution boards at day time and danger light at night time should be erected during execution of work to avoid accidents.

11) Terms and conditions stipulated in the related Government Orders shall be followed scrupulously.

12) The service provider shall not be permitted to take up partial restoration and asked the department to do the remaining job on payment and the performance BG to be paid by the service provider will be refund only on successful restoration of site to the satisfaction of the Departmental Engineers.

3. The Engineer-in-Chief (Irrigation), Water Resources Department, Vijayawada, the Chief Engineer & DWRO, Prakasam District, Ongole and the Collector & District Magistrate of Prakasam District shall take necessary action accordingly.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)
